## Winemaking

Grapes are vinified in open vats for around 4 weeks, which brings out all the expressions of the terroir.

## Vintage

After the challenges thrown at them in 2012, Bourgogne winemakers were hoping for a peaceful 2013 but capricious Mother Nature had other ideas. After a long winter, a gloomy spring and a fine, providential summer, for the most part, the pickers had to wait until the start of October to take up their secateurs. The consequences of the weather's whims - such as shatter and millerandage, hail damage, concentration and disease - all had an impact on the quantities harvested.

Across the region, no winegrowing area was spared however experience has made all the difference and 2013 is nevertheless considered a very successful vintage.
