0.4 g/l

pH  
3.32

Total Acidity  
5.75 g/l

Drinking Window  
2024 - 2037

Tasting Guide

Tasting note printed  
24/02/2025

### Winemaker Notes

Saint-Romain shows a pale yellow colour with green touches. The nose is very expressive with white flowers and white fruit flesh aromas. It is well structured in the mouth with a nice acidity giving a very nice and fresh aftertaste.

### Vineyard

Saint-Romain is a small village next to Auxey-Duresses. The vineyards are quite high and steep, planted under famous cliffs. Vineyards have South/South-East orientation. The soils of Saint-Romain are made of lime stones with some clay veins, very appropriate to the production of white wines.

### Winemaking

The wine is aged in French oak barrels for 14 months.

### Vintage

The 2017 vintage was very dry, but was relatively cool. Luckily, the frost damage was minimal and a combination of moderate day temperatures and cool evenings resulted in relatively good yield and wonderful flavour concentration.

### Food match

Grilled and Roasted White Meats

Chicken and mushroom stroganoff
