Winemaker Notes

Fruity apricot notes are evident on the nose. The palate is full and well balanced. The wines volume perfectly balances its freshness and gives the palate lovely length.

Vineyard

Clay-limestone soils, the harvest is carried out at night Machine to limit the oxidation of the musts and preserve the aromatic substances.

Winemaking

Fruity apricot notes are evident on the nose. The palate is full and well balanced. The wines volume perfectly balances its freshness and gives the palate lovely length.

Vintage

M. CHAPOUTIER had to “keep calm and carry on” throughout this season of drought and heat to constantly adapt the winegrowing work right up to the last minute; responding fast to curb the vegetation when the welcome rains arrived and remaining patient to allow the grapes to reach full maturity. All this made 2022 an astonishing vintage that, as it turned out, was more luminous than sunny.
