A blend of 85% Malbec and 15% Cabernet Franc from the sought-after viticultural sub region of Paraje Altamira. Zuccardi's Tito is rich and complex, with the concrete fermentation delivering excellent purity of fruit.

Typical Alluvial soil, very heterogeneous, with calcareous rock layers of high-volume at variable depth.

Vintage

2019 vintage was an exceptional one, where the climate conditions allowed us to harvest each region, variety and soil type at the time we were expecting. Spring was generally humid (not necessarily rainy, but humid, with dew points that were higher than average). It has been a year of cool temperatures during a full week of January, and then moderate temperature always below average. The same thing happened during February and March, however this was a year of high luminosity.
